The ballet, built from Russian and German folk tales, tells the story of Odette, a princess turned into a swan. What you need: Small box (I used a teapot) Mirror glue Some metal springs Gift ribbon Fabric or leather Music box Soldering tools Plastic disc Screw and nut (To extend the ends of the carillon) Cardboard scissors WireTHIS IS AN IT VIDEO! Box of jewels.aviUnfortunately I only have this photo.When the hood folds, the music turns off.It's working.The tape helps to prevent the silver band on the glue from coming off.Finally, I mounted her inside a mirror.I hope it is reasonably explained.Good morning Sign in to your account to write a review. You will need to glue or glue the paper to the box, thus making the ground.For the next step, you can decorate the Swan and Trees as ever you may wish. You will also need a piece of blue construction paper. Then for your stand if something stretches out, you wan to cover it with what ever construction paper looks like the background, for me, I made green for mountains/hills.For the final stage, collect everything you've done, and get a lot of tape or glue,you wan to slide the two pieces of iand you've made into the center so that they're embracing the edges of the "river". Once you have these materials, you'll have to follow again the link I posted to make the tree itself. Again, no one of these drawings is mine) The next step is super simple. You will then need to cover the boxes with green building paper, until you cover the whole box.
